Project planning at the head office in Frederikshavn, Denmark

Norisol A/S is a Scandinavian multidiscipline company with its core competences within insulation, scaffolding, and surface treatment. Other business areas are accommodation work, design and outfitting, removal of asbestos and facade contracts.

Our services within the above disciplines include supply of services, products and know-how for energy conservation, scaffolding and covering services, regulation of sound and noise, and fire protection.

We work offshore and onshore for the oil and gas industry, at ship yards, refineries and power plants.

Furthermore for the pharmaceutical industry, the food industry and the building industry.

The Danish, Norwegian and Swedish departments of the Norisol Group employ approx. 1500 persons.
